AI Analysis

The automated test failed at step 2 with error: Element not found: id=url-option. The test performed 2 steps with 2 successful actions and 1 failed actions.

Recommendations

- 1. Fix the error at step 2: Element not found: id=url-option
- 2. Check if element selectors are correct and if the page structure has changed

Step by Step Execution

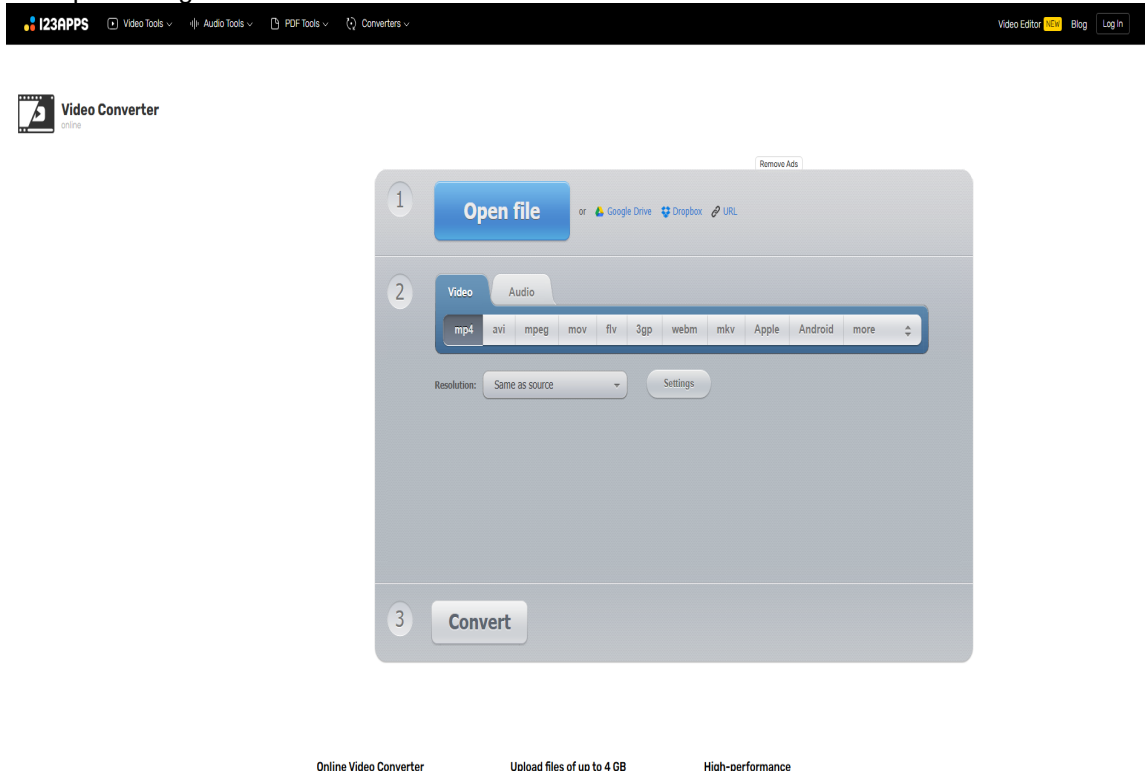

Step 1: NavigateTo

Arguments: url='https://video-converter.com/'

Result: Success

Screenshot:

After step 1: NavigateTo

Step 2: FindElement

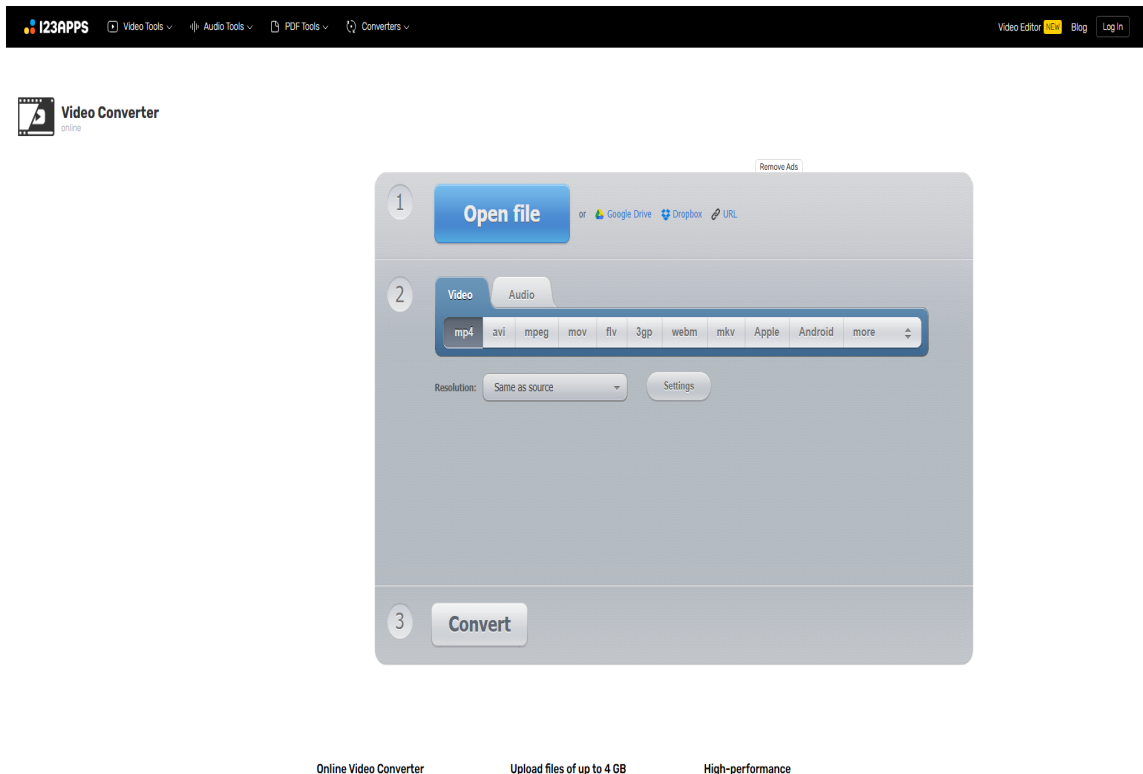

Arguments: selector_type='id', selector_value='url-option'

Result: Failed

Error: Element not found: id=url-option
